

# Continuing Maintenance Program (CMP) Committee

## Purpose

The CMP Committee oversees GaRID's Continuing Maintenance Program (CMP) activities and CEU processes. This committee ensures members have access to quality, standards-aligned professional development that supports certification compliance and lifelong learning.

## Responsibilities

- Administer and monitor CEU processes in alignment with RID policies
- Review and approve CEU activity applications and sponsor documentation
- Support members and presenters with CEU guidance and resources
- Maintain documentation related to CMP activity filings and reporting
- Evaluate and update procedures in compliance with RID standards
- Collaborate with the PD Committee to ensure aligned professional offerings
- Report committee activities, trends, and recommendations to the Board

## Key Goals

- Improve clarity and accessibility of CEU processing guidelines
- Increase the number and diversity of approved CEU activities
- Establish clear timelines and workflow standards for CEU processing
- Provide CEU training and support for workshop hosts and presenters
